

Pittsburgh Institute of Mortuary Science

HOUSING HELP SHEET

The city of Pittsburgh lovingly known as the “City of Bridges” is where the Pittsburgh Institute of Mortuary Science calls home. Although our downtown area may not seem as large as other metro cities, the actual dimensions of Pittsburgh are very sizable because its borders encompass many different communities. These communities are what make Pittsburgh SO unique and all of them are under 15 miles from PIMS.

Thinking about moving to Pittsburgh to study with us? This guide can help you get started!

PIMS

The map above gives all the surrounding communities that may be considered but we wanted to give our recommendations on areas that are more affordable, within 15 miles of the school, and most importantly... safe!
